Greetings in the wonderful name of Jesus

The Family Life Department of the South Caribbean Conference will be hosting its **annual workshop for the year 2024, at the Camp Balandra Facility from March 1-3, 2024.**

We are excited to announce that this year's workshop will focus on strengthening family relationships and equipping leaders with the necessary skills to effectively minister to families in their congregation.

The workshop will feature insightful seminars and interactive sessions led by experienced family counsellors and ministry leaders. We understand the importance of addressing the diverse needs of families in our churches and communities, and this workshop aims to provide practical tools and resources to help you better serve and support families in various stages of life.

Please be guided by the following registration period and cost

\$400.00	Without Transportation
\$485.00	With Transportation
Registration Period	January 24 – 21 February, 2024

All participants are responsible for providing their own bed linen for the weekend. We are asking that the churches make their payments, online or at the SCC Cashier, within the registration period in order to facilitate the financial obligations for the workshop.

May God’s blessings be upon you in 2024, as we work together on strengthening family relationships within our congregations.

Yours in Christ service

Albert Brathwaite
Family Life Ministries and Men's Ministries.
