Health Ministries Secretaries

**RE: IAD Health Week 2024**

I greet you in the name of the Great Physician, Jesus Christ.

The Inter-American Division (IAD) Health Prayer Week is scheduled for the period September 15-21, 2024. They have asked all the churches in the unions of the division to make plans to host this Health Prayer Week to educate the membership about the Adventist Health Message with a focus on putting **CHRIST'S COMPASSION INTO ACTION**.

Accompanied with this correspondence are the seven (7) days of material and a special newsletter on the theme for the week. We ask that each church cooperate with this request and host the programs either in person or virtually as we seek to engage our membership in becoming more focused on their health and well-being.

*1 Corinthians 6:19, "Do you not know that your body is a temple of the Holy Spirit who is in you, whom you have received from God, and that you are not your own?"*

God bless, and we look forward to a successful health week throughout the South Caribbean Conference.

Yours sincerely

VICTORIA DE COTEAU  
Director, Health Ministries
